

Landscape Improvement and Repair Application

This application form is *required* to be submitted by homeowners to the *Landscape Committee* for any requested landscape improvement or repair around the exterior of your unit. It is to ensure your planned improvement or repair conforms to the guidelines as set forth in our Declaration for maintaining the overall landscape harmony, will not cause damage to surrounding structures or grounds, or inconveniences your fellow homeowners. It also enables the Committee and Board to determine what information and assistance it can provide in order to expedite the completion of your request or planned improvement. If you have any questions regarding the purpose of this application, please contact our management company, any Board member or the Committee.

Note: A review of the *Prospect Point Foliage Cutting Guidelines* and the *Acceptance of Liability for Trimming of Vegetation* documents found on the Prospect Point website will provide specific information around existing cutting and removal guidelines prior to submitting this application.
